Atlanta, Ga.

12 September 1946

My dear General --

Many thanks for your letter. I had a letter also from Gov. Vardaman a few days ago saying he would be glad to do anything he could for your son but hadn't heard from you.

The regular meetings of the National Linen Service Corporation are set in the by-laws for the 3rd Tuesday of April, July and October and the 1st Tuesday in December. I have to attend those and plan to make one or two visits to Atlanta between regular meetings. The dates for these visits can be fixed at my convenience as a general thing.

The 3rd Tuesday in October falls on the 15th which is the date you tentatively fixed for our meeting. I could be in Washington on the 17th or most any time before the 10th or after the 17th if sometime during those periods suit you and the other members.

Please let me know at St. Louis care Joseph E. Jacques, General American Life Insurance Co., 1501 Locust Street.

I hope all is going well with you.

Sincerely,

/s/ Sidney W. Souers.
